Directions:

1. X3 Play Trays with one coloured playdough in each
2. Choose one set of animals for each tray as well. (insects, wild animals and dinosaurs)
3. Divide match sticks, pipe cleaners and pom poms into each tray as well.
4. The idea is to set up an invitation to play where children use the playdough, animals, and other resources to make a small animals world. The children can use their imagination to use the resources as they please!
